

Guidelines for Visitors at SEARHC Hospitals

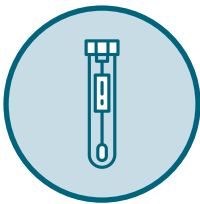

SEARHC's main priority is patient and staff safety. Due to the pandemic, the visitor policy has been modified, allowing inpatients one (1) visitor at a time throughout their stay.

Patients are allowed one (1) visitor

- Visiting hours are 8:30 a.m. to 5:00 p.m. daily, but may be subject to change.
- The care team may ask visitors to leave based on patient care needs.

Exceptions to the single visitor policy include birthing mothers, guardians of minors and end of life cases.

Testing

- COVID-19 testing is not required for asymptomatic visitors.

Questions regarding testing can be answered by calling the COVID Hotline at 907.966.8799.

Observe all COVID-19 Guidelines

- Check in with the screening table upon entry to the hospital each day.
- All visitors must use Personal Protective Equipment (PPE) such as face masks, and hand sanitizing thoroughly and often.
- Stay in the patient's room. Do not wander the halls or other common spaces.
- Limit visits back and forth from the facility.
