

MySEARHC Quick Reference Guide

Viewing Health Record

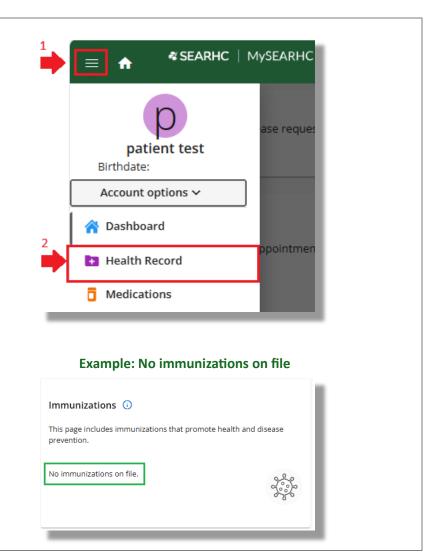

Access and view Allergies, Current Conditions, Immunizations, Wellness Care and Past Medical, Surgical, and Family Medical History from the *Health Record page*.

Accessing the **Health Record** page:

- From the MySEARHC
 Dashboard, select the
 3 line icon, located to
 the left of the Home
 icon.
- Select **Health Record**

NOTE: The health record information pulls from the patient's electronic medical record and could display no data if no information has been entered yet (e.g., No immunizations on file).

2

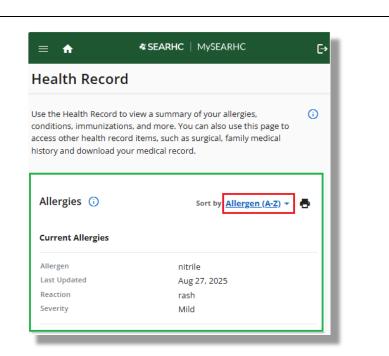

Accessing Allergies:

Verified allergies or adverse reactions display directly on the page with information such as:

- Name
- Last Updated
- Reaction

NOTE: Patients and proxy users with access can request updates to allergies through the appointment preregistration process.

NOTE: Use the *Sort by* option to customize how items display on the page.

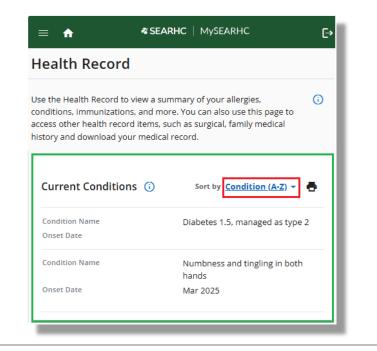

3

Accessing Current Conditions:

A list of active or chronic medical conditions will display directly on the page with information such as:

- Name
- Onset Date (when entered)

NOTE: Use the *Sort by* option to customize how items display on the page.

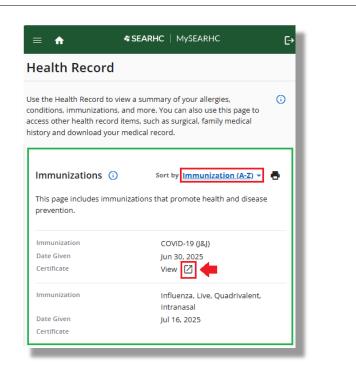

Accessing Immunizations:

Immunization history will display directly on the page with information such as:

- Name
- Date Given

NOTE: For COVID vaccinations, select the view **Report icon** to access the certificate.

NOTE: Use the *Sort by* option to customize how items display on the page.

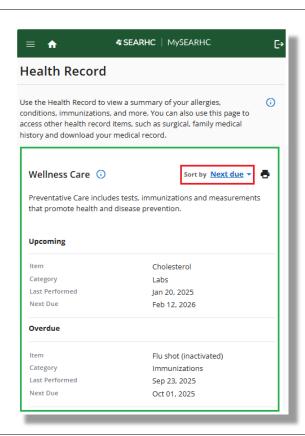

Accessing Wellness Care:

Wellness care items are grouped into two sections, *Upcoming* and *Overdue*. These are displayed directly on the page with information such as:

- Name
- Category
- Last Performed
- Next Due

NOTE: Use the *Sort by* option to customize how items display on the page.

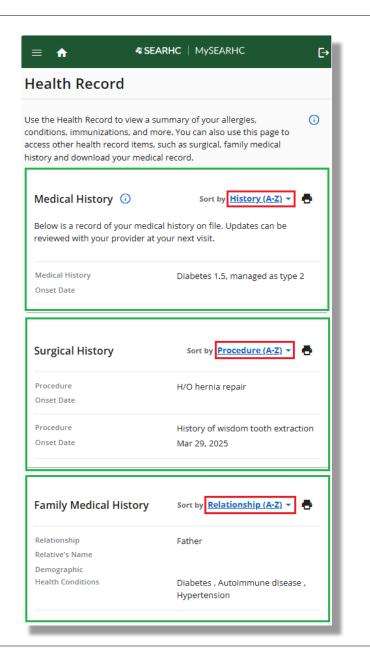

Accessing Medical, Surgical and Family Medical History:

The patient's documented medical, surgical and family medical history will display directly on the page with information.

NOTE: Use the *Sort by* option to customize how items display on the page.

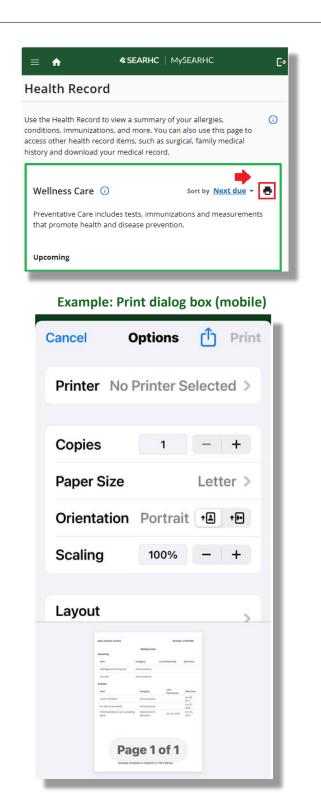

Printing a Health Record section:

From the Health
Record page, select
the Print icon
next to the section

NOTE: The *Print Dialog Box* may look different depending on device.
