

MySEARHC Quick Reference Guide

Viewing Results and Reports

Accessing results and reports from the *Dashboard* cards and the *Results and Reports page*.

Dashboard: What's New

 Select the Results and Reports new activity link

NOTE: **What's New** lists quick links to new items available within the last three days.

Dashboard: Results and Reports card

- Select the report name (e.g., Discharge Summary) to view
- Select the result name (e.g., Hct) to view details of this test

NOTE: Select View all results and reports to access the *Results and Reports* page.

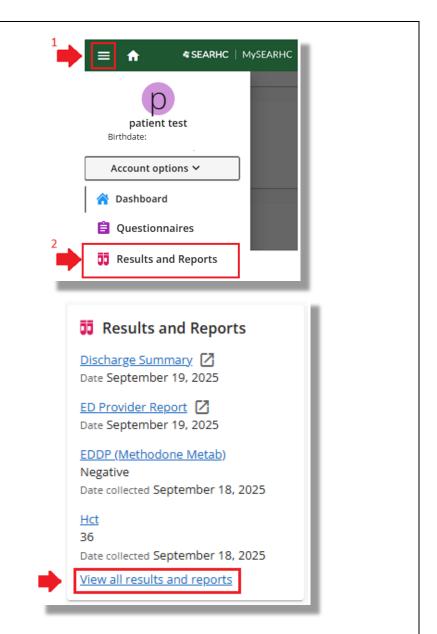

Accessing the **Results and Reports** page:

- From the MySEARHC
 Dashboard, select the
 3 line icon, located to
 the left of the Home
 icon.
- Select Results and Reports

From the **Results and Reports** card:

Select View all results and reports

Accessing Lab Results:

Lab results display directly on the page with information such as:

- Name
- Collection date
- Result

NOTE: Use the *View* and *Sort by* options to customize how items display on the page.

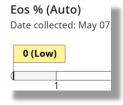

Viewing Lab Result Details:

Select View details

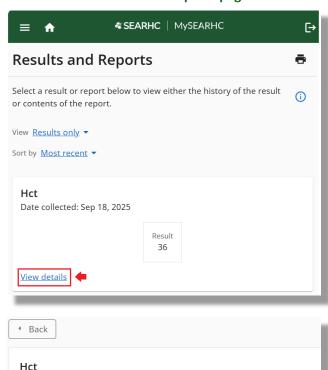

NOTE: The Details tab displays additional information such as date resulted and performing location.

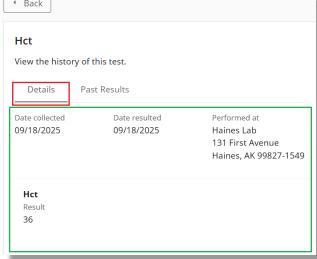

NOTE: Some tests display a standard range and low or high flags when applicable.

Example: Low Flag

Results and Reports page

Viewing Past Results:

 Select the Past Results tab

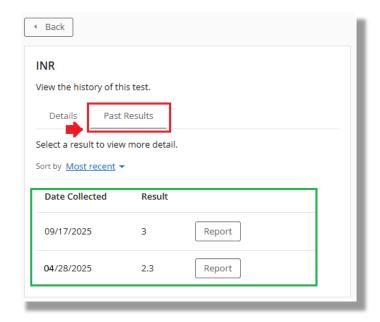

NOTE: If this test has been completed in the past, the past results tab will display all the previous times this test was performed and the corresponding results since March 30, 2025.

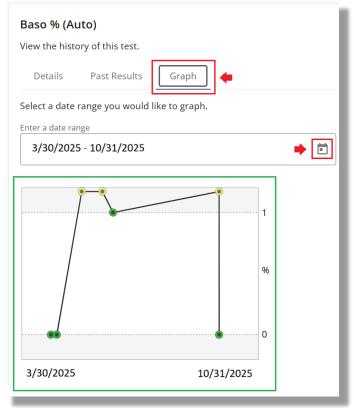

NOTE: If a result has an associated report, select the **Report button** to view the report.

Graph Results:

• Select the **Graph** tab

NOTE: When available for certain result types, takes the history of the test and plots the results out on a line graph. Use the calendar icon to modify the date range.

Accessing Reports:

Reports display on the page with information such as:

- Name
- Date

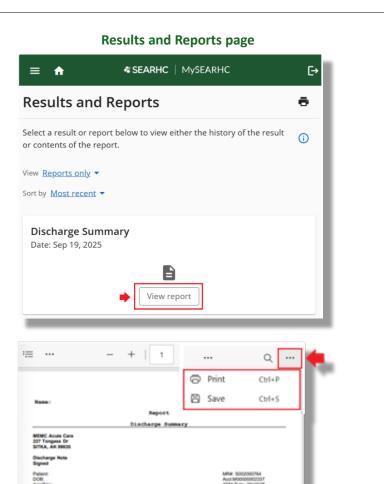

NOTE: Use the *View* and *Sort by* options to customize how items are displayed on the page.

Viewing Report:

Select View Report

NOTE: The report opens as a pdf using a viewer.

NOTE: The *Print* and *Save* options are located in the 3 dot icon at the top of the report.
